## Resource Information

**URL:** <http://icy.bioimageanalysis.org/>

**Proper Citation:** icy (RRID:SCR\_010587)

**Description:** An open community platform for bioimage informatics providing the software resources to visualize, annotate and quantify bioimaging data. To bridge the gap between developers and users, it combines: a) an open-source image analysis software, offering a powerful and flexible environment for developers such as applied mathematicians to write algorithms fast and efficiently; b) a common set of tools to view and manipulate data, and a set of plugins to perform specific quantification or analysis on images; c) a community-based website centralizing all plugins and resources to facilitate their management and maximize their visibility towards users. Workspaces are virtual groups of plugins dedicated to a specific application or image processing domain. By downloading a workspace, ICY automatically installs all corresponding plugins. The workspaces are enabled, but the editing section is not ready yet. If you want to publish a plugin on this website, its code has to be GPL. Source code is available and provided in each application download.

**Abbreviations:** ICY

**Synonyms:** icy bioimage analysis

**Resource Type:** data processing software, image analysis software, image processing software, service resource, software application, software development environment, software development tool, software repository, software resource, source code

**Defining Citation:** [PMID:22743774](#)

**Keywords:** image analysis, microscopy, javascript, python, plugin, protocol, script, bio.tools

**Funding:** Centre National de la Recherche Scientifique ;  
French National Research Agency ANR-10-INBS-04-06

**Availability:** Free, Open unspecified license, GNU General Public License, v3, The community can contribute to this resource

**Resource Name:** icy

**Resource ID:** SCR\_010587

**Alternate IDs:** biotools:icy, nlx\_45928

**Alternate URLs:** <https://bio.tools/icy>

**Record Creation Time:** 20220129T080259+0000

**Record Last Update:** 20260905T132643+0000

---

## Ratings and Alerts

No rating or validation information has been found for icy.

No alerts have been found for icy.
