Type: Tool

Proper Citation

PInTFDB (RRID:SCR_010899)

Resource Information

URL: <http://plntfdb.bio.uni-potsdam.de>

Proper Citation: PInTFDB (RRID:SCR_010899)

Description: Public database arising from efforts to identify and catalogue all plant genes involved in transcriptional control. Integrative plant transcription factor database that provides web interface to access large sets of transcription factors of several plant species, currently encompassing *Arabidopsis thaliana* (thale cress), *Populus trichocarpa* (poplar), *Oryza sativa* (rice), *Chlamydomonas reinhardtii* and *Ostreococcus tauri*. Provides access point to its daughter databases of species-centered representation of transcription factors (OstreoTFDB, ChlamyTFDB, ArabTFDB, PoplarTFDB and RiceTFDB). Information including protein sequences, coding regions, genomic sequences, expressed sequence tags, domain architecture and scientific literature is provided for each family.

Synonyms: Plant Transcription Factor Database, PInTFDB v3.0

Resource Type: data analysis service, data or information resource, database, service resource, production service resource, analysis service resource

Defining Citation: [PMID:19858103](#), [PMID:17286856](#)

Keywords: protein model, protein sequence, gene family, protein, transcriptional control, blast, bio.tools, FASEB list

Funding: University of Potsdam ;
Germany ;
German Federal Ministry of Education and Research ;
Fond der Chemischen Industrie

Availability: Free, Freely available

Resource Name: PInTFDB

Resource ID: SCR_010899

Alternate IDs: biotools:plntfdb, OMICS_00561

Alternate URLs: <http://plntfdb.bio.uni-potsdam.de/v3.0/>, <https://bio.tools/plntfdb>

Record Creation Time: 20220129T080301+0000

Record Last Update: 20260801T190418+0000

Ratings and Alerts

No rating or validation information has been found for PInTFDB.

No alerts have been found for PInTFDB.
