Proper Citation: National Institute on Minority Health and Health Disparities (RRID:SCR_011441)

Description: The National Institute on Minority Health and Health Disparities (NIMHD) leads scientific research to improve minority health and eliminate health disparities. To achieve its mission, the NIMHD: * Plans, reviews, coordinates, and evaluates all minority health and health disparities research and activities of the NIH; * Conducts and supports research on health disparities; * Promotes and supports the training of a diverse research workforce; * Translates and disseminates research information; and * Fosters innovative collaborations and partnerships. The NIMHD envisions an America in which all populations will have an equal opportunity to live long, healthy and productive lives.

Abbreviations: NIMHD, NCMHD

Synonyms: National Center on Minority Health and Health Disparities, National Institute on Minority Health Health Disparities

Resource Type: government granting agency
