Proper Citation: COALESCE (RRID:SCR_012005)

Description: Software that can use large collections of genomic data and Bayesian integration to predict coregulated gene modules, the conditions of regulation, and the consensus binding motifs for regulation.

Abbreviations: COALESCE

Synonyms: Combinatorial Algorithm for Expression and Sequence-based Cluster Extraction

Resource Type: software resource

Resource Name: COALESCE

Resource ID: SCR_012005

Alternate IDs: OMICS_01804

Record Creation Time: 20220129T080307+0000

Record Last Update: 20260801T190434+0000
