Proper Citation: CU Denver Advanced Histology Services (RRID:SCR_012286)

Description: The objective of the Morphology and Phenotyping Core - Advanced Histology Services, is to provide Investigators/clients with the tools and expertise to process and analyze tissue samples. The Core is able to process any type of animal and/or human tissue for research purposes. Our technicians are also highly trained in dermatology and delicate specimen handling. We consistently maintain the highest-quality results by utilizing state-of-the-art equipment and employing nationally-certified technicians. Our aim is to always provide excellent customer service by fulfilling each Investigators/clients' specific needs and wants. Core services include recommendations for tissue harvesting and storage, preparation of paraffin blocks, sectioning of paraffin and frozen blocks, standard H&E histology, special staining procedures, and control slide preparation.

Abbreviations: CU Denver Advanced Histology Services

Synonyms: University of Colorado Denver Advanced Histology Services

Resource Type: service resource, access service resource, core facility

Keywords: morphology, phenotyping

Resource Name: CU Denver Advanced Histology Services

Resource ID: SCR_012286

Alternate IDs: SciEx_11340

Record Creation Time: 20220129T080309+0000

Record Last Update: 20260804T043457+0000
