Description: THIS RESOURCE IS NO LONGER IN SERVICE. Documented on April 15,2024. With broad and comprehensive capabilities, Waisman Biomanufacturing is uniquely situated and highly qualified to lead clients through the complex process of bringing a novel therapeutic into the clinic. Integral to any product campaign is a well thought-out product development plan. You can rely on our business manager and team of project leaders to work closely with you to maintain an on-going flow of communication and develop a time and cost effective plan that meets your needs. Utilizing our expertise in both Quality Assurance/Control and Process Development/Manufacture we can translate your bench top process to a large scale manufacturing process. Using this strategy Waisman routinely produces cGMP grade material qualified for clinical trials for a wide variety of applications.
