Proper Citation: The MNI AutoReg Software Package (RRID:SCR_013621)

Description: Web site last updated August 26, 1998 Automatic method for comparing different MRI datasets by visual inspection of equivalent anatomical planes. Implementation is based on multi-scale, three dimensional (3D) cross-correlation, to register a given volumetric data set to an average MRI brain (n > 300) aligned with the Talairach stereotaxic coordinate system. :

Synonyms: MNI_AutoReg

Resource Type: data processing software, image processing software, software application, software resource

Resource Name: The MNI AutoReg Software Package

Resource ID: SCR_013621

Alternate IDs: nif-0000-00328

Record Creation Time: 20220129T080317+0000

Record Last Update: 20260810T040618+0000

Ratings and Alerts

No rating or validation information has been found for The MNI AutoReg Software Package.

No alerts have been found for The MNI AutoReg Software Package.
