Wisconsin Cortical Thickness Analysis (CTA) Toolbox (RRID:SCR_014180)

Resource Information

URL: http://www.nitrc.org/projects/cta_toolbox

Proper Citation: Wisconsin Cortical Thickness Analysis (CTA) Toolbox (RRID:SCR_014180)

Description: A Matlab tool to perform statistical analysis on cortical thickness signals on brain surfaces obtained from Freesurfer. It is used for multi-resolutional analysis of such cortical thickness signals and detecting group differences. It is based on the Spectral Graph Wavelet Transform (SGWT) toolbox and provides plug and play methods for deriving Wavelet Multiscale Descriptor (WMD), cortical thickness smoothing using SGWT, Multivariate General Linear Model (MGLM), and False Discovery Rate (FDR).

Resource Type: software application, data processing software, software toolkit, software resource, data analysis software

Keywords: matlab, software toolkit, cortical thickness signal, data analysis software
