Proper Citation: microMS (RRID:SCR_017443)

Description: Software Python platform for image guided Mass Spectrometry profiling. Provides graphical user interface for automatic cell finding and point based registration from whole slide images. Simplifies single cell analysis with feature rich image processing.

Synonyms: microscopy guided Mass Spectrometry

Resource Type: data processing software, image analysis software, image processing software, software application, software resource

Defining Citation: [PMID:28593377](#)

Keywords: Image, guided, mass, spectrometry, automatic, cell, finding, point, based, registration, whole, slide, image, analysis, processing, BRAIN Initiative
