GeMoMa

RRID:SCR_017646

Type: Tool

Proper Citation

GeMoMa (RRID:SCR_017646)

Resource Information

URL: <http://www.jstacs.de/index.php/GeMoMa>

Proper Citation: GeMoMa (RRID:SCR_017646)

Description: Software tool as homology based gene prediction program that predicts gene models in target species based on gene models in evolutionary related reference species. Utilizes amino acid sequence conservation, intron position conservation, and RNA-seq data to accurately predict protein-coding transcripts. Supports combination of predictions based on several reference species allowing to transfer high quality annotation of different reference species to target species.

Synonyms: Gene Model Mapper

Resource Type: software resource, software application, simulation software

Defining Citation: [PMID:31020559](#)

Keywords: Homology, based, gene, prediction, model, target, evolutionary, related, reference, species, sequence, conservation, intron, position, RNAseq, data, protein, coding, transcript, bio.tools

Availability: Free, Available for download, Freely available

Resource Name: GeMoMa

Resource ID: SCR_017646

Alternate IDs: biotools:gemoma

Alternate URLs: <https://bio.tools/gemoma>

License: GNU General Public License version 3.0

Record Creation Time: 20220129T080336+0000

Ratings and Alerts

No rating or validation information has been found for GeMoMa.

No alerts have been found for GeMoMa.
