Proper Citation: Inspector (RRID:SCR_018863)

Description: Software tool for real time analysis and data visualization. Software system for experimental control and quantitative data analysis in microscopy and spectroscopy. Integration of data processing and acquisition allows real time analysis and visualization of experimental results.

Resource Type: data analysis software, data processing software, software resource, software application

Keywords: Data analysis, real time data, visualization, quantitative analysis, microscopy, spectroscopy

Availability: Free, Freely available

Resource Name: Inspector

Resource ID: SCR_018863
