**Proper Citation:** Leica: Heerbrugg M3Z Stereomicroscope (RRID:SCR\_020004)

**Description:** Leica/Wild M3Z Stereo Microscope that has been serviced by a qualified microscope tech and meets factory specs. It has its Wild 10X, high eyepoint widefield eyepieces and a 1.0X bottom objective. In my opinion, the M-Series by Leica is the best stereomicroscope available. I like Zeiss as well, but have never had a Leica optical element delaminate. The M-Series is the microscope you want if you spend a lot of time looking through the eyepieces, want the brightest, flattest field and highest resolution. Built for demanding users, the Wild/Leica M-series is built to last.

**Resource Type:** instrument resource

**Keywords:** Heerbrugg, Stereomicroscope, Instrument Equipment, USEDit

**Availability:** Commercially available

**Specification URL:** [https://raw.githubusercontent.com/SciCrunch/RRID-Instruments/main/PDF/SCR\\_020004.pdf](https://raw.githubusercontent.com/SciCrunch/RRID-Instruments/main/PDF/SCR_020004.pdf)

**Resource Name:** Leica: Heerbrugg M3Z Stereomicroscope

**Resource ID:** SCR\_020004

**Alternate IDs:** Model\_Number\_M3Z

**Record Creation Time:** 20220129T080348+0000

**Record Last Update:** 20260801T190649+0000
