Proper Citation: Beckman Coulter: CytoFLEX SRT Cell Sorter (RRID:SCR_025068)

Description: Offers multiple configurations with the option to easily upgrade. Instrument can be configured to use up to four lasers and up to 15-color detection to identify subtle differences between cells. Core Facility's CytoFLEX SRT is four-laser platform (405, 488, 561 and 638nm) instrument capable of detecting FSC, SSC and 15-colors and is able to sort up to four separate populations from the same sample, and deposit them in variety of tubes and plates. Operates under CytExpert SRT Software.

Synonyms: , CytoFLEX SRT, Beckman Coulter CytoFLEX SRT

Resource Type: instrument resource

Keywords: cell sorter,

Specification URL: https://raw.githubusercontent.com/SciCrunch/RRID-Instruments/refs/heads/main/PDF/SCR_025068.pdf

Resource Name: Beckman Coulter: CytoFLEX SRT Cell Sorter

Resource ID: SCR_025068

Alternate URLs: <https://biotech.unl.edu/flow-cytometry#tab5>

Record Creation Time: 20240305T200904+0000

Record Last Update: 20260805T044540+0000

Ratings and Alerts

No rating or validation information has been found for Beckman Coulter: CytoFLEX SRT Cell Sorter.

No alerts have been found for Beckman Coulter: CytoFLEX SRT Cell Sorter.
