Proper Citation: University of Pittsburgh Pediatric Clinical Research Services PCRS Core Facility (RRID:SCR_028302)

Description: Core is responsible for overall clinical research management for studies engaging a pediatric population, both grant funded and industry sponsored clinical and translational research studies. For both Children Hospital of Pittsburgh and Magee-Women Hospital, the PCRS group provides comprehensive study engagement and helps investigators enroll research subjects. Services are available in two areas, allowing the group to best meet the needs of Pitt physicians and the patients they serve.
