Description: Core supports and enhance research and education by providing access to characterization and process instrumentation. Expert staff provides the assistance and guidance necessary so that students, faculty, and industry get the most effective and appropriate use of facility resources. NRF facilities encompass 100+ instruments, tools and techniques as well as a 7,000 sq. ft. Class 100-1000 Cleanroom facility. Facilities also include instrumentation that allows characterization of radioactive samples.
